

Item	Photo of Item	Reason for selection
Desk		The reason I selected this specific desk is because it is important to have a comfortable area with storage compartments for your writing tools, documents etc.
Chair		I chose this chair because being comfortable when you are sitting in the same chair for hours on end is important.
Keyboard		I chose this keyboard because it is aesthetically pleasing when it is placed with the rest of the furniture and equipment
Mouse		I chose this mouse because it is an ergonomic mouse, and it is designed to be more comfortable for your hand
Monitor		I chose this Apple computer because Apple is an extremely fast running and efficient technology company and that is particularly important for the job.
Printer		I chose this canon printer because being able to print a lot of things at once is important for this job
